Store Experience

Inspired by Aspen, the entire store comes to life through the vision of Harry Slatkin. The store is set in two distinctive stories: the first story celebrates the fall season with "Our Best Picks for Fall" home fragrance featuring The Perfect Autumn Collection. The second story is our Holiday Shop featuring Aspen Winter and The Perfect Christmas Collection.

The entire shopping experience is highly sensorial with the scent of our new Elton John Fireside fragrance wafting at the front door to the textures and colors of fall in Aspen. Features seasonally appropriate home fragrance, décor and gifting solutions.
