

The 10 Best Uses for a Palm™ Zire™ 71 Handheld

1. Catch a surprise **snapshot** of your best friend when she wins the hula contest, or that cool guy at the coffee shop. After performing a HotSync® function with your desktop, email the picture to all your friends.
2. Listen to **MP3s** while playing solitaire on the long plane ride. (Expansion card required, sold separately.)
3. Share a downloaded **video clip** of your daughter scoring her first soccer goal.
4. Listen to the “Great Expectations” **audio book** while you sunbathe. (May require purchase of additional content.)
5. **Beam** your business card or an image of your new puppy to your best friend.
6. Download your favorite movie trailer, and then use **city guides** such as Vindigo to find out when and where it’s playing. (Vindigo sold separately.)
7. Rear-ended in traffic? **Snap a quick shot** of the damages and cars involved and reduce insurance arguments.
8. Create **music** playlists, and be your own DJ by plugging speakers into the headphone jack. (Expansion card sold separately. Speakers not included.)
9. **Take pictures** of each house the real estate agent shows you, and make notes about your likes and dislikes. When you decide, email the photo to friends and family.
10. Download **fun applications** or play games to save your sanity. Try Bejeweled! or Rayman to get through a boring seminar, or learn a few words in Italian. Choose from among more than 17,000 software applications available. (May require separate purchase.)
