

# A green and high performance PC – now an easy choice

*TCO Certified offers Desktops, Notebooks, Netbooks,  
All in One PCs and Displays*

## TCO CERTIFIED COMPUTERS

Creating a green and high performance PC environment has never been easier. *TCO Certified* now offers a complete portfolio of computer products that are fully tested and certified for environmental features and high performance design. Whether you choose a desktop, notebook, mini-PC or all-in-one PC, you can find *TCO Certified* products from world leading brands. Add to this a *TCO Certified* external display and the desktop has never looked greener!

We're all looking to make more eco-conscious electronics choices. But we also want high performance. *TCO Certified* is the only eco-label to Go Beyond Green by

combining leading edge design for the environment AND usability. This means you get an energy efficient, recyclable product with the strictest limits on hazardous substances, that also delivers exceptional display panel quality and ergonomic design. So you don't have to sacrifice performance to get a truly green computer.

## THIRD PARTY CERTIFICATION - YOUR ASSURANCE IN A WORLD OF GREEN CLAIMS

These days there are so many green claims on the market, so it's important to know which products really do make a difference in the environmental impact of technology. How do you know which products measure up?

*TCO Certified* is a world-

wide third party eco-labeling program requested by purchasers when selecting ICT equipment. Third party testing is widely recognized around the world as the best way to accurately and objectively determine product quality and compliance.

Every product achieving *TCO Certified* has been rigorously tested by an independent and accredited test lab so you can be sure what you get really is a leader in eco-design. We also back up our program with regular after market checks and test rounds.

For almost 20 years, the *TCO Certified* process has delivered measurable results in lowering the climate and environmental impact of PC technology, while at the

same time influencing industry to design higher performance ICT products.

## FIND TCO CERTIFIED COMPUTER PRODUCTS:

You can find the *TCO Certified* label on notebooks, mini-PCs, netbooks, desktops, all-in-one PCs, computer displays.

*TCO Certified* is found on brand names you know and trust. For a complete listing of all *TCO Certified* products, go to [www.tcodevelopment.com](http://www.tcodevelopment.com)

Technology for you and the planet

# TCO CERTIFIED Computer Solutions

## ALL PRODUCTS OFFER:

ENVIRONMENTAL FEATURES - throughout product life cycle	EXAMPLES
Production	Environmental management system Brand owner must demonstrate CSR Strict limits on hazardous substances – goes beyond RoHS compliance for restrictions on heavy metals and flame retardants Packaging designed for recycling
Usage	Energy consumption – current Energy Star compliant Product life time – warranty and availability of spare parts
End of Life	Designed for recycling, product take-back to reduce E-waste

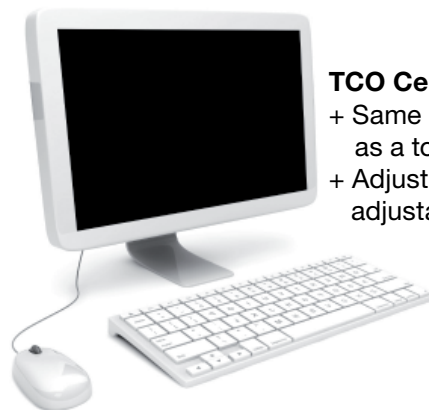

USABILITY FEATURES	EXAMPLES
Picture quality/Visual ergonomics	Several requirements for luminance, contrast, color and resolution
Low emissions	Reduced electric and magnetic fields, low acoustic noise
Ergonomic design	For user comfort

## PLUS PRODUCT SPECIFIC FEATURES:

### TCO Certified Displays

- + Ultra high performance display panel
- + Adjustability – tilt, swivel, height adjustable

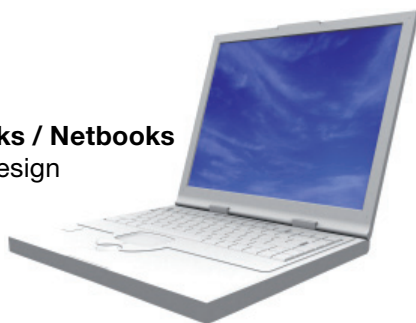

### TCO Certified All in One PCs

- + Same high display performance as a top stand alone display
- + Adjustability – tilt, swivel, height adjustable

### TCO Certified Notebooks / Netbooks

- + Ergonomic keyboard design
- + Mercury free

### TCO Certified Desktops

- + Convenient front placement of USB ports

## ABOUT TCO CERTIFIED

The mission of *TCO Certified* is to make it easy to choose technology designed for both the environment and usability. For almost 20 years, the worldwide TCO certification has led the way in testing and certifying IT products for ergonomic

design, energy efficiency and the strictest limits on hazardous substances and electromagnetic emissions.

All product models certified by TCO are rigorously tested by an independent third party laboratory. TCO also verifies that all certifying brands

demonstrate an active commitment to corporate social responsibility.

The TCO certification program includes criteria for computers (desktops, notebooks / netbooks, All in One PCs), computer displays, phone headsets and projectors.
